

Kofax and e-ASL Imaging Seminar 20th May 2003

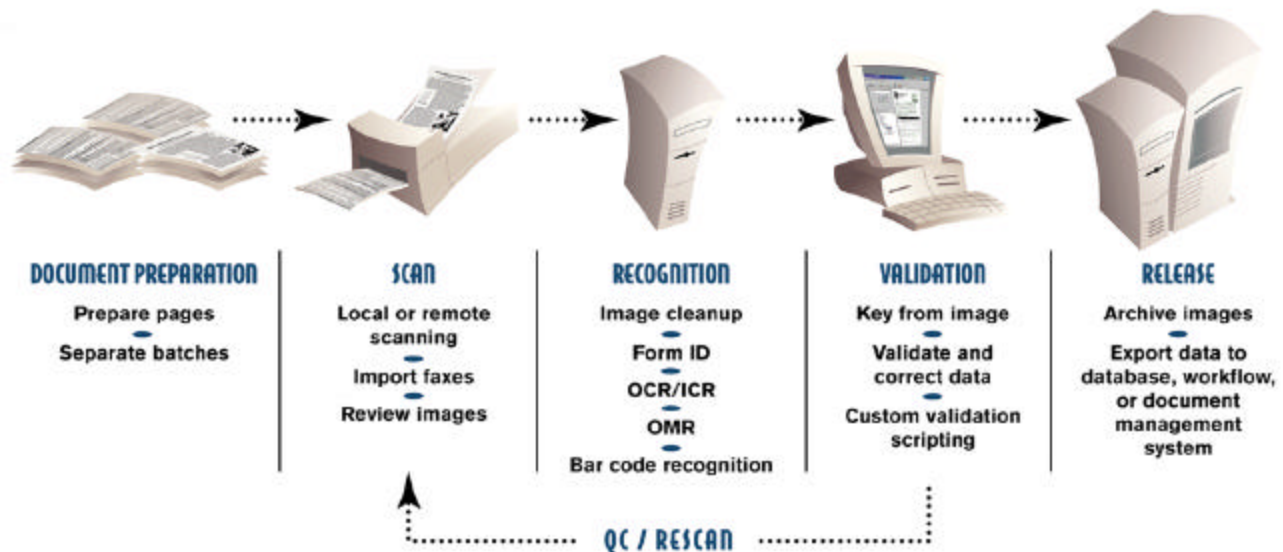

Fujitsu, Hayes Park Central, Nr. Heathrow

It is with pleasure that e-ASL and Kofax would like to invite you to a customer briefing session regarding developments and enhancements of Fujitsu Scanners and the Announcement of Kofax Ascent Capture V6, VRS, and e-ASL's Knowledge Capture.

You will be the first end users in the UK to see Kofax Ascent Version 6. This is a great opportunity to see what is new and hot, and how it can further assist your goals of fast, affordable, and accurate capture of images and business data.

This seminar will present the latest technologies from Fujitsu and eASL, and will also outline price changes that all customers need to be aware of.
